

WHAT YOU CAN DO TODAY

Make flood safety a priority

1

KNOW YOUR RISKS

Do you live in an area where a flood could happen? [Click here](#) for information on flood mapping.

2

REDUCE YOUR RISKS

Move valuables upstairs, make a 72-hour emergency kit, talk to your families and neighbours about what to do if a flood hits. [Click here](#) for information on how to protect yourself and your home.

3

LEARN

Learning about emergency and alert information can be helpful. [Click here](#) to find out about emergency alerts listed by province and territory.

4

KNOW THE DIFFERENCE

Understand the difference between flood insurance and government disaster assistance. [Click here](#) to learn more.

5

CONTACT

Connect with your local government about incentives for protecting your property. [Click here](#) for information on community incentives listed by province and territory.
